EDUCATION

G.H. RAISONI INSTITUTE OF ENGINEERING, JALGAON Jalgaon, Maharashtra
Bachelor of Technology (B.Tech.) in Computer Science (AI) | CGPA: **7.11**/10 Aug 2021 – July 2024
Coursework: Python Programming Language, Machine Learning Algorithms, Artificial Intelligence, etc.

G.H. RAISONI POLYTECHNIC, JALGAON Jalgaon, Maharashtra
Diploma in Computer Engineering | Percentage : **83.49%** June 2018 – June 2021
Coursework: Object Oriented Programming, Computer Networking, DBMS, Data Structures & Algo.

WORK EXPERIENCE

LTIMINDTREE Pune, Maharashtra
Project Intern Aug 2023 – Nov 2023
- Played a key role in developing web applications using HTML, CSS, and JavaScript with a primary focus on React.js.
- Actively participated in software development projects, contributing to coding activities. Developed responsive user interfaces using React.js and Material UI for enterprise-level web applications.

GROWNITY Remote
UI/UX Design Intern Jun 2016 – Sep 2016
- Designed their overall user-centered mobile application.
- Stayed up-to-date with trends, best practices, and emerging technologies in UI/UX design, bringing fresh ideas.

PROJECTS

MOVIE ORBIT WEBAPP – ReactJS, TailwindCSS, TMDB API 🔗 Link
- Developed Movie Orbit, a responsive movie discovery platform using React.js, Tailwind CSS and integrated with the TMDB API. Allows users to browse upcoming, popular and trending movies and filter by genres for easy navigation. Displays detailed movie information, including titles, release dates, cast and crew. Implemented a search functionality for users to find specific movies or TV shows by title or keyword.

GITSTATZ – HTML, CSS, TailwindCSS & Github API 🔗 Link
- Developed a web platform that delivers in-depth analysis of GitHub user accounts. The site features a user-friendly landing page that introduces the service, complemented by a dedicated analysis page for exploring detailed metrics and insights on specific GitHub profiles.

IMAGE QUARRY WEBAPP – ReactJS & Unsplash API 🔗 Link
- Developed Image Quarry, a React application enabling users to effortlessly search for images utilizing the Unsplash API, showcasing proficiency in front-end development and API integration.
- Implemented a user-friendly search functionality that allows users to input search terms via a search bar.

SKILLS

- **Programming :** C++, Python, SQL, HTML, CSS, Javascript
- **Libraries :** Pandas, NumPy, SciPy, Matplotlib
- **Tools/Platforms :** Git, Github, Figma, Vercel
- **Frameworks :** TailwindCSS, ReactJS, Next.js
- **Certifications :** ReactJS (Hackerrank), Digital Skills AI (Accenture), Al for All (Digital India)

LANGUAGES

English, German, Hindi, Marathi

ACHIEVEMENTS

- Led Institute based **IEI Coders Club** and organized coding workshops, hackathons and competitions, fostering a collaborative environment for students to enhance their coding skills.
- Founded a **Webo Master** community dedicated to web development, creating a platform for aspiring developers to collaborate, learn and share resources.
